

Christmas Hymn

1. With rapture abounding and music resounding,
the angels surrounding glad homage pay;
Let ev-er-y nation with loud acclamation
Proclaim the salvation that's born this day
That's born this day, that's born this day,
Proclaim the salvation that's born this day

2. Exposed to great danger, the blest infant stranger
was laid in a manger in oxes' stall;
Past all comprehension, let everyone mention
His great condescension to save us all
To save us all, to save us all,
His great condescension to save us all

3. Let noone betray him, nor ever dismay him
But alway obey him in tru-uth and love,
From joys worth proposing he'll give with his blessing
Beyond all expressing in heaven above
In heaven above, in heaven above,
Beyond all expressing in heaven above

4. All glory and power to God every hour
Let peace ever shower from heaven to earth;
Good will to all living, thank God for his giving
Us grace to believe in our Saviour's birth
Our Saviour's birth, our Saviour's birth,
Us grace to believe in our Saviour's birth
